**Justification**

*This amendment is necessary in order to align the present recast to EC /1907/2006 (REACH) as amended by Commission Regulation (EU) 2017/227 of 9 February 2017 amending its Annex XVII as regards bis(pentabromophenyl)ether. This alignment will equally fully support a proper interface between waste, chemical and product legislation which is instrumental to shift towards a more circular economy.*
